

GZ10700 Manual Crane

Model **GZ10700** is a counterbalanced workshop cranes (built-in ballast weights) suitable for lifting loads up to **700 kg**, with a 4-position extendible jib.

It comes with a double-effect pump easy to operate. Lowering is activated by turning a knob mounted on the pump.

An optional jib extension increases the crane reach up to **2000 mm** (at 150 kg capacity).

It is equipped with two fixed wheels and two revolving steering wheels in order to make it easy to maneuver even in full load condition.
